

About the Snow Angels Program

Winter storms and snow-covered sidewalks can be hazardous. Crescent Snow Angels is a part of the Volunteer Crescent Township umbrella of volunteer opportunities. The program is designed to help minimize the difficulties of snow storms by matching community volunteers with elderly or disabled residents to assist with snow removal.

The Crescent Township Snow Angels program will assist residents in their time of need after snow storms pass. Snow Angels will be partnered with residents to remove snow and help keep sidewalks and driveways safer for everyone.

The Snow Angel program matches residents with volunteers when/if there are enough volunteers to fill the requests. There is no guarantee that enough volunteers will be secured. If/when there are no remaining volunteers to match, a message will be placed on this page indicating that residents may still submit their information, but that they are encouraged to find alternate assistance, as Snow Angel assistance is not guaranteed.

Volunteer Information

- Groups of volunteers are encouraged to work together. Gather friends, family clubs, church groups, employee groups or individuals to provide community service while meeting new neighbors.
- Volunteers must be 15 years older OR be accompanied by a parents/guardian.
- Bring your own shovels, gloves, and other needed equipment.
- Volunteers are not responsible for spreading salt but may if they'd like.
- Commit to taking at least one property, or more, as time permits.
- All properties will be located in Crescent Township.
- Volunteers are required to complete the online application which includes a liability waiver and photography use agreement. All participants must complete, sign, and submit the form before a volunteer match can be made.

Requestee Information

- Residents who need assistance with snow removal must complete the "Request for Need" application form, which includes a liability waiver statement. All residents must complete, electronically sign, and submit the form before a volunteer match can be made.
- The resident will be matched with a volunteer. The Township will strive to connect the volunteers with residents in proximity of the home address, when possible.
- Once a connection is made, it is the responsibility of the participants to schedule the visits.
- Requests may pause while we wait for additional volunteers to sign up.
