

Crescent Township Police Department

House / Business Watch - Vacation Check Request

Use this form to place your home / business on the Crescent Township Police check list. This does not replace any other security measures that you should take to protect your home / business. It does inform our officers that you are away and when possible, they will check the exterior of your residence / business to ensure that it is secure. Vacant homes for sale or remodeling may also be placed on this list.

The Crescent Township Police Department assumes no additional responsibility for the security of your property beyond the normal and reasonable responsibility of a municipal police agency.
